7.2. Assessment criteria

IMPORTANT NOTE: Students are strongly encouraged to start the course with a B2 proficiency level certified. Students with a B1 level certificate will be assessed with a FAIL (4/10) in the progressive assessment tasks until they provide the valid B2 level certificate required in order to pass the course. Once they provide a valid B2 level certificate, which has to be done 5 days before the global exam, their tasks will be re-assessed and given the corresponding mark.

Final tasks in the modules: Module 1 Recording a job interview video (10%) and writing a cover letter (5%). Module 2 Giving a life presentation (20%) and write a 350 words proposal (10%).

Presentations: weeks 13 and 14. A presentation proposal of 300/350 words and a presentation on the topic of 10 / 15 minutes delivered in groups of two / three. These are the final tasks in which students will have to put into practice what has been learned throughout the course. The value of these tasks is 30% distributed as follows: 10% to the proposal (group mark) and 20% to the presentation (group and individual mark). Final presentation of 10 to 15 minutes on a subject related to telecommunications in groups of 2/3 (each student will speak for 4/5 minutes). Weeks 13 and 14 at class time.

Progressive assessment tasks: I

ANX-PR/CL/001-01 LEARNING GUIDE

E.T.S. de Ingenieria y Sistemas de Telecomunicacion

n order to write the proposal and to give the presentation, the students work along 12/13 weeks in class and outside the classroom with materials provided in class, textbooks or through the platform Moodle. Students must complete 4 hours of face-to-face work per week and 4 to 5 hours of work a week at home. The work of the students inside the classroom including communicative tasks (15%) and outside the classroom (15%) has a value of 30% assigned to the classroom and Moodle activities. To consider the communicative ability of the students and the soft skills associated to this course, their taking part in the class activities for at least 80% is essential. The percentage of the mark from communicative class activities (10%) is NOT RETRIEVABLE in the global evaluation.

Intermediate tests are compulsory: (week 6 and week 12 at class time) The two tests at week 6 and week 12 evaluate the four skills and the vocabulary and grammar that has been revised during the course. Each of these tests will account for 20% of the final grade: total equals 40% of the final mark. Each section of the two tests (reading, listening, writing, grammar and vocabulary) must be PASSED (min. 5.0) to average in the progresive assessment. If any part of the tests does not reach the 50% of the mark, the test will be considered FAILED and the student will need to do the global exam including the four skills.

Students attending the course regularly, must submit class activities in time to be corrected and considered in the course. We kindly remind our students that plagiarism in any of the course tasks implies the immediate interruption of progressive assessment of the course (https://www.boe.es/buscar/act.php?id=BOE-A-2010-20147)

For those students who are not attendeding the course regularly:

GLOBAL EXAM

The dossier is compulsory in the global exam and will be corrected after the global exam if the exam, including the presentation, is worth a PASS. If any activity in the dossier is marked as FAILED the student will need to repeat it in the extraordinary call. The global mark would be worth a maximum of 4.0 points until all the tasks in the dossier are considered as PASSED.

70% of the global mark will come from a test that includes all the contents of the course: tests of grammar, use of the language, listening and writing. 50% of the mark in each of the parts of the global exam is needed to PASS the exam.
