

International Summer School: Explore the Wisdom for Sustainable Development of Agriculture in China

This program offers an interdisciplinary curriculum spanning Agricultural History, Sociology, Law, Rural Development, and Art. Through lectures, workshops, and immersive field trips to heritage sites and museums, participants will analyze China's historical agricultural wisdom and its modern applications in rural revitalization and green development. The school aims to foster cross-cultural dialogue and enhance participants' understanding of sustainable agricultural models.←

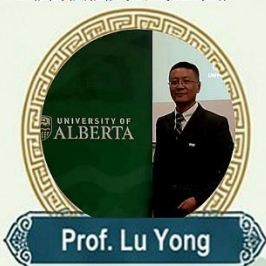

- **Language:** English
- **Program Fee:** The Summer School is FREE of program fee and accommodation. Students need to pay for the insurance, dorm electricity, food and travel fare. Scholarship is available for outstanding applicant to help cover part of the international travel fare.

Program Highlights

- **Interdisciplinary Approach:** dive into the intersection of the history of science and technology, sociology, law, rural development, tourism, and performing arts.
- **Cultural Immersion:** experience Chinese agricultural heritage through field trips to museums, ancient sites, and rural areas.
- **Global Networking:** study alongside peers from the world in a collaborative, multicultural environment.

Main lectures and workshops include:

- Agricultural Heritage System of China and the World
- Traditional Chinese Folk Customs & Performing Arts
- Rural Development & Governance in China
- Smart Agriculture
- Climate Governance & Sustainable Practices
