

# (DynApp) - DynApp: A mobile application for advanced dynamic analysis

## Contact information

### Address: Main researchers:

- IVAN MUÑOZ DIAZ

**ivan.munoz@upm.es**

- JOSE MANUEL SORIA HERRERA

**jm.soria@upm.es**

- CARLOS MARTIN DE LA CONCHA RENEDO

**carlos.martindelaconcha@upm.es**

- JAIME GARCIA PALACIOS

**jaime.garcia.palacios@upm.es**

### Other UPM researchers:

- Isaac Lacort Magán E.T.S. de Ingenieros Informáticos
- Jorge García Samartín E.T.S. de Ingenieros Industriales

## Technological Offers type

Software

## Where?

Structural Engineering Group

## Software description

An application for Android mobile platforms to measure vibrations in the time and frequency domain and get ratings for vibration associated with user comfort.

## Reference

M-00995/2020
